DEDICATION

Since it was founded in 1903, Utica Junior College has witnessed many people who have come and gone. Many memorable events have been recorded. Many days have been bright and many have been dark, yet Utica has fought, is still fighting for a better future.

In the year 1952, a most memorable year, Mrs. Ellestene Turner became a member of the Utica family and she has served diligently and untiringly first as biology teacher, then as counselor, and now as registrar. As a result of her untiring efforts for a noble cause, in expression of our appreciation we dedicate the 1971 UTICANITE to her.

To be able to register positively in the hearts and minds of her fellowmen is a most worthy trait of our registrar. Because Mrs. Turner means so much to so many, Utica can safely say "what is fitting is honorable, and what is honorable is fitting."

THE COLLEGE EDUCATION ACHIEVEMENT PROJECT

Experiment . . .

See, Hear, . . .

Interact . . .

and Associate . . .

On behalf of the entire Utica Junior College family, the 1971 UTICANITE Staff extends heartfelt thanks to the COLLEGE EDUCATION ACHIEVEMENT PROJECT for its four fruitful years of educational opportunities for students to:

1. EXPERIMENT with non-traditional methods of teaching and learning,
2. SEE, HEAR, and ASSOCIATE with international artists and personalities,
3. INTERACT with outstanding educators from across the nation,
4. VISIT historical sites, and
5. VIEW the serene beauty of nature.

Visit . . .

View . . .

The Xmas that was.

Right on, brother, we're in the groove.

OFFICE OF THE PRESIDENT

President J. Louis Stokes

UTICA *Junior* COLLEGE
UTICA, MISSISSIPPI 39175
OFFICE OF THE PRESIDENT

January 7, 1971

Dear Faculty, Students, and Friends:

Our sincere congratulations are extended to the members of the yearbook staff and to its advisors for their dedicated efforts in compiling this publication.

The "year that was" created an awareness in our society heretofore never known or considered. This awareness caused many basic concepts to be questioned. The one issue raised that was most pertinent to us relates to the role and scope of an educational institution whose primary objective was that of providing meaningful educational experiences for a segment of our country's most disadvantaged ethnic group. This challenge was met by exposing our campus to those models, heroes, literature, and history that would result in positive self-concepts and self-respect. The Board of Trustees also responded to this challenge by authorizing the establishment of an Adult Continuing Education Department. The Department allows our institution to relate to the total community, by developing skills for economic up lifting. In our opinion this recognition of the psychological and economic necessities of the district and our providing for the same, will enable this institution to be of eminent benefit to our district, State, and nation.

Utica Junior College and Hinds County Agricultural High School have a significant role to perform in the development of the human potential of our State, and the combined resources of this institution are dedicated to fulfilling this responsibility.

The "year that was" saw our High School reaccredited by the Southern Association of Colleges and Schools.

We experienced many successes, both from the individual and group standpoint, and obviously this foundation will provide the basis for future successes.

Yours truly,

J. Louis Stokes
President

THE YEARBOOK

Editor-In-Chief
Belinda Gettis

Dear Uticanites:

The 1971 UTICANITE is now in your hands. The staff and sponsors have worked diligently and tirelessly to capture "This is the Year That Was."

It is our sincere desire that this pictorial annual will exemplify an analysis of the past school year's campus activities and academic achievements here at Utica Junior College and Hinds County Agricultural High School. We also hope that the 1971 UTICANITE will serve as an everlasting memoir of the school days of 1970 and 71.

Affectionately yours,

Belinda Gettis
